

Ursuline secure national netball title – page 53

Ursuline seal national glory

NETBALL: Ursuline Preparatory School are ISA (Independent Schools Association) national U11 netball champions.

Having competed in the Southern Region competition and won through to the finals, the team made the long drive to Rugby School to compete in the national finals.

The girls won every game in their pool, qualifying for the quarter finals. At this point the competition intensified, however, the girls were not to be deterred and won through to the final.

Ursuline faced Littlegarth School who had narrowly beaten them in the regional qualifying rounds.

The match was very tense, with Ursuline Prep winning the first centre pass from which they scored. The match then progressed, with goals scored at each end, until the final whistle went with Ursuline Prep winning 5-4.

This is an outstanding achievement as with only ten girls in the class, every girl has an opportunity to play.

The school is immensely proud of this amazing achievement and the head teacher Pauline Wilson congratulated girls and PE staff on this accomplishment.
